

FIREFIGHTER 5 FOUNDATION

HOW DO WE DO IT

The Foundation has a large resource of individuals that possess a great sense of positivity, creativity and a can do attitude. We connect these people with ones that can use encouragement or just someone to talk to.

We also, through the use of fund raisers or corporate donations, provide financial assistance to individuals that meet our requirements.

If you feel that you can help our foundation or feel that you need the foundations help, please contact us.
